Portfolio: portfolio.tduong.online

SUMMARY

IT student focused on Frontend and Fullstack development with React, Next.js, and Node.js. Experienced in building responsive web applications, REST APIs, authentication, databases, and deployment through internship training and personal projects. Seeking a Frontend / Fullstack Intern position to strengthen practical software development skills.

EDUCATION

Hanoi University of Science and Technology (HUST) *2023 – Present*
School of Information and Communication Technology – Vietnam–Japan Program
Major: Information Technology | CPA: 3.21 / 4.0

TECHNICAL SKILLS

- **Frontend:** TypeScript, React, Next.js, Tailwind CSS
- **Backend:** Node.js, ExpressJS, NestJS
- **Databases:** PostgreSQL, MongoDB, SQL Server
- **Tools:** Git, GitHub, GitHub Actions, Docker

EXPERIENCE

Sun* Vietnam *Jul 2026 – Aug 2026*
Frontend Developer Intern

- Completed a structured frontend training program focused on practical web development and software engineering fundamentals.
- Collaborated in a team using task planning, Git-based workflows, code integration, and project coordination.
- Applied frontend knowledge through hands-on exercises and an internship capstone project.

JVB Vietnam *Oct 2025 – Dec 2025*
Frontend Intern / Trainee

- Followed a structured frontend development roadmap through guided learning and practical exercises.
- Strengthened frontend fundamentals and gained exposure to professional software development workflows.

PROJECTS

KickZone – Football Pitch Booking Platform *Jul 2026 – Aug 2026*
Team Lead | Sun Vietnam Internship Capstone*

- Led team planning, task coordination, and feature integration for the internship capstone project.
- Designed a fullstack architecture using Next.js, NestJS, Supabase Auth, Prisma, and PostgreSQL.
- Implemented the booking domain around pitch availability, pricing, vouchers, reviews, and role-based access control.
